All of us have met several times since the formation of the new committee to make an executable plan and vision document for the year 2022-23. The annual plan is prepared based on the three priorities. The themes for the year are:

**Knowledge
and Skill**

**Health and
Fitness**

**Wellbeing
and Better Life**

Knowledge and Skill

The fundamental objectives of the existence of the Chapter are to ensure the continuous education to the members and other stake holders. We plan this tenure year in such a way that, the efforts in this front meet its beneficiaries to the maximum. The knowledge events (CPE) for the members shall be finalized based on the feedback from the members to ensure the knowledge enhancement and skill development.

We have decided to conduct the CPE sessions preferably on second and fourth Wednesdays of the month from July 2022 subject to the availability of speakers and venue. In addition, we will also be conducting the mix of physical and virtual events.

Sharing the knowledge is the critical part of effective leading process. We urge our members to come forward to share the knowledge using Chapter platform to the members and other stakeholders. We shall circulate the checklist and google form to express your intent in the front.

Health and Fitness

The health and strength of the Chapter is the members of the Chapter. Hence the health and fitness of the members is a matter of importance in the activity calendar of the chapter. We propose to conduct certain activities and schemes for the members during this year focusing on the health and fitness aspect. We request you to extend your all-possible support to succeed the initiatives under Health and Fitness.

Wellbeing and better life

All the efforts in the life are for the wellbeing and better life. Though we could make least influence in the individual life, we have an intention to see everyone is better off and we wish to make the little possible positive value additions. We intend to connect you to the opportunity if, there is one for you and we are able to do that.

We appreciate any inputs and feedback to any of the above themes and the same can be sent at muscat@icai.org and we will endeavor to achieve as much as we can.

Resources for Chapter activities :

As you are aware, the quality time of right resources is important for better result. We the Managing Committee, welcoming members to come forward for supporting us in various activities. We have identified various subcommittees where we need support from you to do things better. We shall send the details shortly to express your willingness to use your expertise, valuable suggestions and little time for the Chapter activities other than attending CPE sessions.

Membership of the Chapter :

The members are the strength of the active chapter, and an active chapter is the privilege of any member. Each one of us is so proud to be a Chartered Accountant. We wish you all to stand together with us and work little for better result. It is important to know each one of your professional backgrounds better to plan the activities better for us and others. Request you to connect members not active to take part in the Chapter activities. We shall circulate the membership plan and google forms to get the more details in due course for better result.

I take this opportunity along with all MC members to thank College of Banking and Financial Studies for the continued support to the Chapter and the members. Once again extend our sincere thanks to all the members for the active support and request all to come forward to join hands with us for the Profession and MCICAI.
